

ABOUT CORRECTIONS REFLECTIONS

BUILDING SECOND CHANCES. CREATING REAL CHANGE.

At Corrections Reflections, we believe accountability is the foundation of real change. We walk alongside people as they overcome their past and take ownership of the future they're building.

We believe people are capable of growth. We believe people are capable of change. We believe a person's past should not determine the rest of their future.

OUR STORY

Corrections Reflections was founded by William Lehmkuhl. After experiencing incarceration, adversity, addiction, recovery, and the challenges of rebuilding life firsthand, William came to understand that lasting change begins with accountability.
